**Second Sunday in Ordinary Time**

In today's Gospel we discover those first individuals who sought out Jesus and wanted to listen to him, learn from him. Today, Christian stewards search out the hidden presence of Jesus in their own lives every day. They know Christ is the "Messiah" who will one day bring about a perfect restoration to a troubled world. They further understand that they are sacraments of his hidden presence in the world. Their task is to make that reality known through their own words and actions.

*What is the one thing we can do to be better stewards of Christ's life in us?*

### Respect Life

A society is truly human when without reservations it protects and respects the dignity of every person from conception until the moment of his or her natural death. However, should it decide to “get rid” of its members in the greatest need of protection . . . it would be behaving in a profoundly inhuman and also distorted manner with regard to the equality- - obvious to every person of good will – of the dignity of all people, in all the stages of life. – *Pope Benedict XVI, Address to the Hon. Reinhard Schweppe, Ambassador of the Federal Republic of Germany to the Holy See, Nov. 7, 2011*
